## EDUCATION

### Dented code

Mar 2023 – Jan 2024

I could learn coding skills to pursue my goal in the IT industry. Also, I have shared ideas and motivations with classmates while going through challenges to learn coding skills and get opportunities.

## WORK EXPERIENCE

### Coles - team member

Sep 2021 – present

Working in three different departments deli, meat, and bakery. I can adapt to changes quickly.

### Miso in South Korea - Web designer

Dec 2020 – May 2021- Full time

Working with front-end developers, I was in charge of maintaining and updating the company's website and mobile website designs, using HTML, CSS, and JavaScript and editing main images with Photoshop.
